### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: claims 1-20 are allowed over the prior art of record because the prior art of record, considered alone or in combination, fails to teach or fairly suggest a method for controlling the rotation speed of an optical storage device including a combination of all of limitations as particularly recited in each of claims 1 and 12. Claims 2-11 and 13-20 are allowed with their respective parent claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **CITED REFERENCES**

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited references relate to an optical apparatus and/or method for controlling a spindle motor to control the rotation an optical disk at different selected speeds.
